

BENJAMIN KIM

1966. HANSHIN UNIV 1985. OAKTON COLLEGE 2010

Territory sales in Greater Chicago Area, Medical Tech Sales, General Contractor.

I currently run a dealer company specializing in all of dental digital equipment.

The company provides Rental X-ray services, Economical Dental Chair, Laboratory service, and SGS Swiss implants, which are made of human bones on the surface of the implant.

The company have own technical people serving the Greater Chicago area. My goal is to build the largest X-ray Rental network in the United States.

I have experienced various positions of work at few different places. Specially, in the dental industry. I'm a Certified Dental CBCT X-Ray technician and I'm registered to take a CCNA Computer networking specialist course starting.

I also have the professional sales experience especial in Dental Equipment and Implants system. More than two different system of implants such as bone level, Gum level & mini, completely installation and provided training for 3D X-Ray operation. Cone beam installer who can completely manage all of the technical issue from equipment products and customer site.
